Request for Appropriation Carry Over Form.pdf

Hi Commander Cohen,

It looks like you have $43,455 in carryover for SB720 from FY 20-21 to FY 21-22. I spoke with Mary about this and she mentioned you could use those carryover funds.

I hope this info helps.

Thanks,
Rico

Subject: Dataworks

Rico –

IT currently pays the annual maintenance fees for our Dataworks Mugshot system, $10k/yr. We plan to upgrade our current live scan (fingerprint) machines to a 2 in 1 solution that would do both, photos, and fingerprints. The challenge is $10k that we would use is currently in the IT budget. We would like to explore our options with you, maybe we could set up a Teams meeting to discuss?

Thank you,

Dan

Subject: Dataworks

Dan,

It looks like our last payment to Dataworks was in July of 2020 which provided support through June 2021. It doesn't look like we've paid anything since then.
